A Look Into Accelerated Reading Levels

What is Accelerated Reader?

Accelerated Reader is a software program for K-12 schools for monitoring reading practice. The Iberia Parish Library may help you navigate your search for books on your level.

All branches of your Iberia Parish Library have children's and teen books to fit the needs of each student.

How do I know if a book is AR?

Each book has a stamp on the inside back cover or the first few pages. This stamp indicates the reading level, AR points, and a Quiz Number. If you are unsure of a book's AR information, a staff member will be happy to assist you!

Miss Humblebee's Academy

Kindergarten Prep

Families can access Gale Presents: Miss Humblebee's Academy through your Iberia Parish Library. This award-winning program prepares children ages 3 to 6 for kindergarten proficiency with hundreds of guided lessons using videos, music, eBooks, teacher-led tutorials, and more. To ensure screen time is limited, 40 percent of the material is off-line and includes printable resources and science, technology, engineering, the arts, and mathematics (STEAM) activities.

Whether it's covering core subject areas, social and emotional learning, or fitness, this program gives all children the opportunity to learn in a safe online classroom environment, with no pop-ups, ads, or links to other websites.

This resource supports parents and caregivers too. Helpful resources include an interactive kindergarten-readiness checklist and age-related developmental milestones, along with printable trackers, charts, planners, and schedules. Weekly email notifications provide a snapshot of the child's progress and performance, helping parents to identify their child's strengths, pinpoint trouble spots, view improvement over time, and measure their progress through a kindergarten-readiness assessment.
